Brooklin Wax Museum

By: Emmett Allen

The Brooklin School held a Wax Museum on February 12th, 2019. It started at 1:15 and went until 3:00.

The classes that participated in The Wax Museum were 3/4, 5/6, and 7/8. 3/4's main focus was American innovators, 5/6's was the Romans, and my class, The 7/8's was dead presidents and first ladies. People in our community came to see us and there were a lot of them who showed up. In my class, I dressed up as Grover Cleveland and wrote a speech about him. Everybody who participated made a speech and a poster with facts, quotes, and pictures of their person. Overall, I think it went well for it being the first time for a lot of us and I think we will do it again in the future. All of us students were instructed to walk around and take notes about our other classmates presentations. I think that was a really good idea because not only did we learn about our assigned character, we got to learn about mostly everybody else's characters too.

Here I am as Grover Cleveland, the 22nd and 24th president of the United States.

Jessie Dyer as Patricia Nixon

Eben Betts as Andrew Jackson

Brooklin Basketball Update

By: Emmett Allen

Our basketball season is over at The Brooklin School. Our B team ended their season with a win against Deer Isle. Our A team won their playoff game against Sedgwick to move on to play Penbrook at GSA. There, they lost to Penbrook but played Deer Isle the day after. Again, they played at GSA. There they put up a good fight through three quarters but fell apart in the fourth to lose to Deer Isle my 20.

Later that day, the Girls basketball championship took place where the Penbrook Wildcats would beat Deer Isle by a small margin. After that the Boys championship took place where entering the fourth quarter the Penbrook Wildcats were tied with The Bay School. Penbrook ended up winning giving them their well deserved championship. Although at the end of the day Brooklin didn't come home with the win, we were happy with how our season went and are beyond excited for next year. Our players, including me, think we have a big chance to win it all next year.

B-Team B-Ball Review

By: Millie Cowart

The Brooklin school has two basketball teams. A team has its own article, so this is the B team article. The B team won 3 games throughout the whole season. I, Millie, am on the team and I think we did great! The season was really fun and exciting. The coach of the team, Jillian Tripp, was so good at coaching in my opinion. We had a lot of fun. Maybe you could be on the B team next year!
